

Good Morning Club Presidents and Secretaries,

How are you all doing with establishing your 2019-20 club goals? I suspect some are doing well and some may have a little way to go.

Please consider goal setting as a 'plan of action' for your club. Set them as club leaders, communicate them within your club membership, and then make a commitment to strive for success by entering them in Rotary Club Central. If you are unclear on how to get this accomplished, contact your Area Assistant District Governor or me. Here to help you make these plans.

This year our RI President Mark Maloney has been encouraging all of us to make Rotary a Family Event. Taking that suggestion, we have set up a Rotary Family Day in Bowling Green, MO on Sunday, October 27, 2019. Please take a look at the attached flyer and mark your calendars to attend.

Thanks for all you do for Rotary in your communities.
Have a great week,

DG John
